## YOUR FULL SERVICE MECHANICAL, ELECTRICAL & PLUMBING CONTRACTOR

Central States MEP provides installation of electrical, plumbing and mechanical systems for residential, commercial and industrial properties. We strive to provide the best customer service for every project.

## WHO WE ARE

From the beginning, we have focused on developing an expert team of mechanics, electricians and plumbers to ensure our clients receive top-notch service every time. With our experience, you can count on Central States MEP to meet all of your mechanical, electrical and plumbing needs in Mid-Missouri.

## OUR HISTORY

Central States MEP was founded in August 2016 with one goal in mind, which is to take care of our customers. Although our company is newly established, our staff has two decades of experience servicing residential, commercial and industrial properties in Mid-Missouri. We strive to provide safe and effective mechanical, electrical and plumbing services to our clients.
